72 hours prior – 50% of the usual charge still applies

48 hours prior – 75% of the usual charge still applies

24 hours prior – 100% of the usual charge still applies

Cancellation charges apply to ensure that JK Pet Services is not left out of pocket and to cover the cost of administration time that is required to update records and invoices etc.

If you cancel 3 or more walks or visits in a row or cancel 3 or more walks or visits in a two week period, JK Pet Services reserves the right to terminate the dog walking or cat home visit agreement.

EXTREME WEATHER

During days when temperatures are forecasted to exceed 22 degrees Celsius, your usual dog walk will be swapped for a home visit if you are not at home. During this time, JK Pet Services will let your dog into the garden for a toilet break, ensure they have plenty of water available and will sit with them for company and do enrichment activities with them to ensure they are appropriately mentally stimulated.

If you are home during extreme weather, the scheduled walk can either be cancelled at no cost or alternatively, the walk can be moved to a different time the same or a different day, depending on availability and subject to the usual charge.

During warmer weather 18 to 21 degrees Celsius, your dog's usual walk time may be moved earlier or later in the day depending on their needs and subject to availability. The usual walk charge will apply.
